Children’s Burn Foundation provides child burn survivors and their families with comprehensive healing, from life-transforming surgeries to psychological support until the child is 18 years old, while educating communities on how to prevent and treat burns. Child burn survivors don't just survive. They thrive!
Message from the Chairman of the Board of Trustees

Dear Friends,

This was an extraordinary year for Children’s Burn Foundation, exceeding our collective expectations. As you’ll see when you read through this latest Foundation Newsletter, we took lessons learned and gains experienced handling the COVID-19 pandemic in the best way possible and shifted into high gear. We dealt with the ups and downs of starting in-person meetings and events, heading right back into virtual experiences and back again (!) without missing a beat. We are so proud to say that important CBF events, such as Camp Gung Ho, burn survivor support group meetings and our annual Giving New Hope benefit were held, with incredible results. We are reporting a very successful year, both financially and in the growth of our reach to the children and families we serve.

Thanks to all of you for continuing to be both engaged and financially supportive of our activities and our mission. With your help, we opened the California Science Center exhibit last October, raised $1.8 million at our Giving New Hope benefit, achieved 68% growth in our programs, reaching over 130,000 individuals, funded urgent support in Ukraine and developed an animated series to teach fire safety and burn prevention concepts.

Charlie and I were honored to receive the Giving New Hope award this year. We are grateful for the opportunity that this role has given us to work with our generous donors, our committed Foundation and Council boards, dedicated CBF staff and especially the resilient child burn survivors and their families.

Thank you for the part you play in supporting Children’s Burn Foundation. Your unwavering commitment helps us to continue the work we do, impacting and improving the lives of severely burned children and educating our community to prevent burn injuries and save lives.

With Gratitude,

Kathleen P. Toppino
Chairman, Board of Trustees

New Board Member Spotlight

Meet Virginia Stevenson
Virginia has been with CBF since its inception. Her late husband, McLean Stevenson, was a burn survivor and co-founder of CBF. She’s volunteered at the CBF holiday party and supported other philanthropic organizations including LA Philharmonic, Music Matters, Hollywood Bowl Museum and charities that support children and animals. She will serve on our Prevention & Education Committee.

Meet Dr. Vimal Murthy
Dr. Murthy has been a long-time partner with CBF working at Torrance Memorial Medical Center in burn surgery and complex wound healing. He spearheaded Torrance Memorial’s financial support of CBF’s Fire! Science & Safety exhibit at the California Science Center. He will also serve on CBF’s Prevention & Education Committee. Additionally, he chairs the Education Committee for American Burn Association, facilitating education in burn injuries and care.
CBF BY THE NUMBERS

134,240 Lives Touched
7,699 Careful! That's Hot Participants
3,905 Full Recovery Patients
85,560 The L.A. Troupe Participants

37,079 Safety Smart Babies Participants
59 Safety Smart Babies Hospitals & Pediatricians
228 Camp Gung Ho Campers
21 US Hospital Partners

52 Support Group Participants
15 Medical Missions
7 Airlifts
3,301 International Children Served

EXPANSION

Children’s Burn Foundation has been on an unprecedented course of program growth this year, thanks to a generous gift from an anonymous donor. Through multiple partnerships around the globe, CBF is helping more children with burns than ever. With achievements in burn prevention, CBF has been able to expand its reach throughout the United States. 130,335 individuals were reached by Children’s Burn Foundation’s Burn Prevention Programs in FY 2021-22. This is a 68.25% increase from CBF’s highest efforts pre-expansion.
"There's room for everyone on the Nice List!" - Buddy the Elf

This year, the Pasarroyo Business Center was transformed into a scene from the classic holiday film Elf. Buddy and his friends joined Children's Burn Foundation staff and 64 volunteers to create a truly magical day for hundreds of child burn survivors and their families. 89 families (over 230 children and 150 adults) were in attendance, and everyone got into the holiday spirit!

During the walk-through event, families played games, snapped photos with Santa and his helpers, ate plenty of delicious food and grabbed festive props for photo booth fun. But that's not all! Children and adults showed off their moves with the DJ and Kathy Toppino, the Chairman of the Board of Trustees, and her husband and long-time supporter of CBF, Charlie Toppino, brought smiles to all the children's faces with their hula hoop skills. Before the close of the celebration, every single child left the event with a present and a heart full of joy!

The day could not have been possible without the support of the Council, the Board, and numerous CBF staff and volunteers who went above and beyond to make the event special. Thank you for your time, dedication and the many goods and services generously donated.

This year, campers learned to connect with their inner superheroes! The four different days of camp included a foam, food and pool party at Adriana & Jay Balaban's home, a day of carnival games at Sherman Oaks Park, a trip to Magic Castle, courtesy of Annette Rasmussen, and a Malibu surf day for the whole family. Close to 250 participants were in attendance for all camps. Children forgot about medical procedures and stress and just enjoyed being kids. Campers were able to soar to new heights and the carefree days were made even more special thanks to Sephora's donation of superhero capes. Throughout camp, children developed skills, built confidence and made lasting friendships. They learned to defeat their fears like superheroes defeat the bad guys!

"Camp Gung Ho 2022 was vital for our campers to connect with one another on so many levels. At camp, burn survivors feel supported by our incredible staff and volunteers; they bond with other child burn survivors and can just be themselves. This year, they were able to thrive and be their own superheroes, use their imaginations, all while having fun." - Tanya Sorkin, Chief Program Officer
Since 2016, Children’s Burn Foundation has been helping children of Ukraine through medical/burn prevention education missions in partnership with Doctors Collaborating to Help Children, Shriners Hospital Boston, Americares and Ukrainian Women’s League of America. CBF has funded $15,000 to $28,000 annually in major regions of Ukraine, Lviv and Dnepropetrovsk. Today, CBF continues to provide urgent support in Ukraine, including medical supplies, life-saving airlifts and surgical care for children affected by the war. Donors have stepped up to meet the critical needs of these children with a special fund with contributions from The Caruso Family Foundation, Friars Charitable Foundation, The Johnny Carson Foundation, Lynda and Al Fadel, Sally and Paul Kanin and Ellen Simmons, among others.

The International Outreach Program saves lives and helps child burn survivors across the globe. In the last several years, the CBF International Outreach Program model has shifted from sending burn teams to developing countries to forging meaningful relationships with partners in the developing world in several areas, including medical service provision, burn care education and burn prevention education. As a result, children are able to receive care closer to home whenever possible, so more lives can be saved.

Children's Burn Foundation has developed medical partnerships with centers of excellence in Bolivia, Nicaragua, Nigeria, India, Ukraine, Zambia and Pakistan. CBF has provided funds for much-needed medical supplies and state-of-the-art equipment for burn centers in these countries to provide more advanced care and achieve the best possible surgical results.

"The cause of making the world a better place for children unites us all."

- Liam Neeson
Program Corner: Who We Serve

Children's Stories

When Sofia turned ten years old, she spilled a scalding hot beverage on her lap and suffered from severe second and third-degree scald burns. From surgeries to pressure garments, Sofia has had to endure more than any child should. However, thanks to Children's Burn Foundation support group, Sofia has made strides in her emotional recovery. She recently graduated to the teen support group, where she felt encouraged to open up in a safe space, bonded with other survivors and learned that anything is possible if she believes in herself.

Bath time is a fun and necessary part of daily life for a young child. It can be a joyful time to clean off while playing with bath toys or a calming time to unwind before bed. However, for young Aaron, a scald burn in the bath almost cost him his mobility. Thanks to Children's Burn Foundation’s Full Recovery program, Aaron received the comprehensive care he desperately needed, and doctors were able to save Aaron's feet. Today, Aaron is a happy child who is able to walk and play with his friends!

Look Out Lucky!

Look Out Lucky! is an animated short that is part of Children's Burn Foundation's expansion efforts in burn prevention and education. It teaches children fundamental concepts about avoiding fires and hot items. The premiere episode chronicles the adventures of Camo the Chameleon and Lucky the Curious Kitten as they navigate burn dangers in the kitchen. It will be available to pre-schools, parents and caregivers, along with educational activity pages and a curriculum guide in both English and Spanish. New episodes will continue to follow this dynamic duo as Lucky explores new surroundings and Camo uses "super-vision" superpowers to keep Lucky safe from burns.
On March 8th, 2022, Children’s Burn Foundation held its annual Giving New Hope Benefit at the Beverly Hilton Hotel and raised over $1.8 million to support the Foundation’s comprehensive approach to healing child burn survivors, from life-transforming surgeries to psychological support, as well as burn prevention programs to educate communities. CBF honored Board Chair Kathy Toppino and her husband, Charlie, with the Giving New Hope Award for their ongoing generosity and vigorous support of the Foundation and its mission. For the past 21 years, this dedicated team has generously offered their time, resources and leadership to ensure the ongoing success of the Foundation.

The Giving New Hope Benefit was hosted by The Board of Trustees and The Council of Children’s Burn Foundation. Deb and Alan Barbanel, Lynda and Al Fadel and Adria and Pedro Martí served as Dinner Co-Chairs. Personal messages from presenting sponsors Adriana & Jay Balaban, Patty & John Nickoll, the Madeline and Marvin Gussman Family Foundation and Kathy & Charlie Toppino greeted guests upon arrival and in-depth informational material covered the Foundation’s many accomplishments, including expansion of its programs and rapid increase of its reach. Guests could also bid on Silent Auction items and buy Mystery Boxes and chances for the $10,000 Wheel of Opportunity.

The 2022 Annual Golf Tournament is almost here! Register to play alongside LA Fire Chiefs and firefighters at the breathtaking Pelican Hill Golf Club on Thursday, November 3rd, 2022. The day of spirited competition will raise funds for CBF’s critical programs that support heroic young burn survivors and their families. Each year, the golf tournament is a truly special day that recognizes brave first responders and generous donors that make Children’s Burn Foundation’s mission possible.

To register or for more information, contact Kirstin Clink at KClink@childburn.org or call (818) 907-2822

HONORING FIRST RESPONDERS
On Thursday, November 4th, 2021, Children’s Burn Foundation honored its "Heroes for Hope" donors at the California Science Center, where guests were invited to tour CBF’s new, educational Fire! Science & Safety exhibit. Exhibit donors held the sides of the ribbon as Kathy Toppino, Chair of the Board, Lynda Fadel, Vice Chair of the Board, and Douglas Mancino, Chair Emeritus, cut the ribbon in a celebratory moment that was years in the making. During dinner, Executive Director Sharon Townsend shared the history behind how the exhibit evolved from just a trailer into a seven-room interactive and innovative permanent exhibit. Director of Development and Marketing Kirstin Clink detailed the evening’s purpose, which commemorates the advancement of CBF’s mission to heal and prevent burns. This incredible, interactive exhibit is made possible by Heroes for Hope patrons who have donated a minimum of $10,000 in annual funding for Children’s Burn Foundation. These much-needed funds support vital programs such as Full Recovery Medical and Family Emergency Assistance, Family Camps, Camp Gung-Ho, Child and Family Support Groups, Teen Support Group, Children’s Holiday Party, Safety Smart Babies, L.A. Troupe Safety Smart Presentations, Careful, That’s Hot!, International Medical Training & Burn Prevention Education and Fire! Science and Safety. Kirstin thanked event Chair Carol Mancino for organizing such a special event.

The 2022 Heroes for Hope celebration will take place at Il Cielo Restaurant and highlight the tremendous impact of CBF’s mission, thanks to our donors’ generosity.
In October of 2021, Children’s Burn Foundation partnered with the California Science Center to bring to life the educational and innovative Fire! Science & Safety exhibition. The free exhibit invites museum-goers to explore Casa Del Fuego, Apartment 911, as fire danger detectives. Families discover the science behind what ignites a fire and learn to seek out common fire and burn hazards around the home. Additionally, guests gain knowledge on what appliances will blow a circuit when used together, and they even have the chance to gain hands-on experience fighting a fire with a fire extinguisher! All museum materials are provided in both English and Spanish.

In June, Children’s Burn Foundation partnered with a local community camp to provide an educational, hands-on experience for 75 campers to learn and understand the dangers of fire and burns with a trip to the Fire! Science and Safety exhibit. Campers interacted with the exhibit’s "hot" door, fire extinguisher, simulated loose electrical cords and kitchen and bathroom appliances that can be potential fire and burn hazards. After their time in the exhibit, campers successfully answered quiz questions by CBF's Chief Program Officer Tanya Sorkin and Burn Prevention Coordinator Lainie L'Orange. Lainie and Tanya commented, "It was rewarding to see our exhibit in action, spreading awareness of fire and burn dangers!"
This year was a busy one for the Council of the Children's Burn Foundation. As one of the primary fundraising arms of the Foundation, the Council hosts many events to generate donations and support the Foundation's mission to heal and educate. The year started with a well-attended, in-person general meeting hosted by Lynda Fadel and Adriana Balaban at Nerano in Beverly Hills. Council President Dana Kitaj worked hard to safely gather Council members in person as much as Covid surges would allow; other events were held virtually to accommodate the ever-changing guidelines. The annual Children's Holiday Party was an example of a skillfully-prepared 'hybrid' model, held safely as a walk-through event, to allow families to gather in person while following social distancing guidelines. The event chaired by Lindsey Gordon, Mary Kayne and Yvonne Skillings was a joyous and well-attended event, with over 300 attendees. The Council's biggest fundraiser of the year, the annual Giving New Hope Benefit honoring Kathy and Charlie Toppino at the Beverly Hilton, was the most financially successful benefit to date, raising over $1.8 million to further Children's Burn Foundation's mission. The event's success was followed by a hugely popular and lucrative Spring Luncheon hosted by Adria Martí, Christine Ofiesh and Tracy Berliner Smith at the Bel Air Bay Club. Finally, Camp Gung Ho, chaired by Susan Lynch, Annette Rasmussen, Laurie Sischo and Jill Stein, capped off the activities for the year. The Council sponsored four camps for burn survivors and their families. The camps focused on empowering the children to overcome hesitation and fears and embrace their inner superheroes. Volunteering at the camps was a highlight of the year for many members of the Council.
Meet Our New Members

The Council is thrilled to welcome eight new members and one returning member to the Council this year. Membership chairs Lily Crummy and Kandus Simpson held a lunch and information session at the Griffin Club on June 7th, 2022. Heartfelt and informative, the event encouraged new members to get involved and a majority joined on the spot. CBF is fortunate to have Julie Barker (sponsored by Andrea Jordan Walker), Amber Cohen (sponsored by Tami Lowensohn), Theodora Dollota (sponsored by Jessica Pashkow), Katheryn Chinski (sponsored by Lynda Fadel), Marie Krueger (sponsored by Kathy Toppino), Shannon Minor (sponsored by Kat Dohrmann), Dorrie Markovits (sponsored by Minoo Simantob), Sandra Gershenson (sponsored by Sherri Sylvester) and Nadine Gerns (returning to the Council) as new members of the Council this year. Many have already jumped in and volunteered at Camp Gung Ho and they look forward to participating in future events.

Council Spotlight: Legacy Circle

The Legacy Circle honors members who have participated in the Council for a decade and have shown an outstanding commitment to furthering Children’s Burn Foundation’s mission of preventing burns and healing children. These members fervently support the Council’s efforts and achievements. As Council member Tracy Berliner Smith put it, "they are the wheels that keep the train moving!"

During the October 2021 General Meeting, Lindsey Gordon was inducted into the Legacy Circle. Throughout her time on the Council, Lindsey has actively participated in Council events and Co-Chaired the annual Children’s Holiday Party.

"It is an honor for me to work alongside an amazing group of women to make a difference by supporting child burn survivors and their families. These phenomenal children inspire me year after year with their strength to heal and thrive!" - Lindsey Gordon

Dear Friends,

It has been an incredible year of growth for Children’s Burn Foundation beginning with the opening of the Fire! Science & Safety exhibit at the California Science Center and the expansion of programs, including L.A. Troupe, Safety Smart Babies and Careful, That’s Hot!

With growth comes change and new leadership. I’m pleased to turn the reins over to our Director of Development and Marketing, Kirstin Clink, who will be assuming the role of Executive Director as I move on to new endeavors. As your Director of Development and Marketing, she has brought new life into the role in addition to new and successful events and campaigns. I hope you will join me in welcoming Kirstin to the role as she navigates another year of growth and excitement for Children’s Burn Foundation.

It has been a pleasure to serve you, and more importantly, to work alongside the staff as we provide services for our children, who learn to thrive because of our programs and the support of our donors.

Sincerely,

Sharon Townsend

What We Do

The Children’s Burn Foundation provides child burn survivors and their families with comprehensive healing, from life-transforming surgeries to psychological support until the child is 18 years old, while educating communities on how to prevent and treat burns.

Our Mission

To prevent the pain and trauma of burn injuries to children, and to heal and give children who have suffered severe burns the opportunity to reach their full potential, physically, psychologically, and socially.

What Sets Us Apart

Children’s Burn Foundation is the only organization that heals child burn survivors and their families through comprehensive physical, financial and emotional care while educating communities in California and across the globe on how to prevent and treat burns.

What We Do

The Children’s Burn Foundation provides child burn survivors and their families with comprehensive healing, from life-transforming surgeries to psychological support until the child is 18 years old, while educating communities on how to prevent and treat burns.

Our Mission

To prevent the pain and trauma of burn injuries to children, and to heal and give children who have suffered severe burns the opportunity to reach their full potential, physically, psychologically, and socially.

DONATE TODAY
Give children their childhood back

Thanks to philanthropic individuals like you, burns were prevented and children received the comprehensive care they urgently needed. Lives were saved. This fall, please consider continuing to support child burn survivors and their families.
